

S3 Mathematics: Introduction to Differentiation

Competency: Introduction to Calculus Differentiation | Difficulty: Advanced | Duration: 60 min | Material #28

Learning Overview

Differentiates polynomial and simple composite functions using the power rule and first principles.

Learning Objectives

- Understand the core concepts of Introduction to Calculus Differentiation.
- Apply learned techniques to solve related problems.
- Connect this topic to real-world Rwandan contexts.
- Build mastery toward Mathematics Grade S3 proficiency.
- Prepare for competency assessments and national exams.

Study Notes

Use this space to write key concepts, formulas, and worked examples.
