

S3 Mathematics: Polynomials and the Factor Theorem

Competency: Algebra Polynomials and Rational Expressions | Difficulty: Advanced | Duration: 55 min | Material #23

Learning Overview

Introduces polynomial division, the factor theorem and the remainder theorem with applications.

Learning Objectives

- Understand the core concepts of Algebra Polynomials and Rational Expressions.
- Apply learned techniques to solve related problems.
- Connect this topic to real-world Rwandan contexts.
- Build mastery toward Mathematics Grade S3 proficiency.
- Prepare for competency assessments and national exams.

Study Notes

Use this space to write key concepts, formulas, and worked examples.
