

S1 Physics: Friction, Gravity and Equilibrium

Competency: Forces and Newtons Laws | Difficulty: Intermediate | Duration: 45 min | Material #36

Learning Overview

Investigates friction, gravitational force, equilibrium conditions and drawing free body diagrams.

Learning Objectives

- Understand the core concepts of Forces and Newtons Laws.
- Apply learned techniques to solve related problems.
- Connect this topic to real-world Rwandan contexts.
- Build mastery toward Physics Grade S1 proficiency.
- Prepare for competency assessments and national exams.

Study Notes

Use this space to write key concepts, formulas, and worked examples.
