

S1 Physics: Refraction of Light and Lenses

Competency: Light Reflection and Refraction | Difficulty: Intermediate | Duration: 45 min | Material #40

Learning Overview

Explains refraction using Snell's law and draws ray diagrams for converging and diverging lenses.

Learning Objectives

- Understand the core concepts of Light Reflection and Refraction.
- Apply learned techniques to solve related problems.
- Connect this topic to real-world Rwandan contexts.
- Build mastery toward Physics Grade S1 proficiency.
- Prepare for competency assessments and national exams.

Study Notes

Use this space to write key concepts, formulas, and worked examples.
