

S2 Physics: Conduction, Convection and Radiation

Competency: Thermal Physics and Heat Transfer | Difficulty: Advanced | Duration: 50 min | Material #46

Learning Overview

Compares conduction, convection and radiation as methods of heat transfer with real-world applications.

Learning Objectives

- Understand the core concepts of Thermal Physics and Heat Transfer.
- Apply learned techniques to solve related problems.
- Connect this topic to real-world Rwandan contexts.
- Build mastery toward Physics Grade S2 proficiency.
- Prepare for competency assessments and national exams.

Study Notes

Use this space to write key concepts, formulas, and worked examples.
