

S3 Physics: Semiconductors and Basic Electronics

Competency: Electricity AC Circuits and Electronics | Difficulty: Advanced | Duration: 50 min | Material #55

Learning Overview

Introduces p-n junction diodes, transistors as switches and basic logic gate circuits.

Learning Objectives

- Understand the core concepts of Electricity AC Circuits and Electronics.
- Apply learned techniques to solve related problems.
- Connect this topic to real-world Rwandan contexts.
- Build mastery toward Physics Grade S3 proficiency.
- Prepare for competency assessments and national exams.

Study Notes

Use this space to write key concepts, formulas, and worked examples.
